MANHOLE COVER PROTECTOR SHELL RANGE

Armadillo manhole cover protector shell is a temporary manhole cover accessory for Highway and TriStar manhole covers, offering protection during the construction phase.

KEY FEATURES

- ✓ Manufactured from strong and highly durable iron.
- ✓ Capable of withstanding a 600kN load in conjunction with a D400 manhole cover.
- ✓ For use in a Group 1,2,4 or 5 application.
- ✓ Sacrificial shell, 100% recyclable and reusable.
- ✓ Smooth surface and markings.
- ✓ Easy one person installation/removal.
- ✓ Simple installation with no additional parts needed.
- ✓ Vertical anchors prevent lateral movement.
- ✓ Anti-debris guard prevents any unwanted waste falling into drain.
- ✓ Water tight seal.
- ✓ Avoids unnecessary roadworks and prevents avoidable ironwork replacement.
- ✓ Allen Key locking.

AVAILABLE OPTIONS

- ▶ Enhanced anti-slip coating
- ▶ Alternative badging
- ▶ Customised colour scheme

NOTES

- ▶ Compatible with 600x600 and 675x675 TriStar and Highway (excluding HaloHinge) covers, full compatibility list available online.
